Portfolio: https://khor03.github.io/Portfolio-Khor-Jia-Yong/

Aspiring to join a forward-thinking organisation where I can leverage my technical expertise, embrace complex challenges and transform knowledge into impactful solutions while continuously advancing my professional capabilities.

EXPERIENCE

JULY 2025 – SEPTEMBER 2025

Internship as Quality Assurance Department | NationGate System Sdn. Bhd.

- Conducted quality inspections and supervised operators in daily production activities.
- Performed final-stage quality inspection of Hy-Tek GXO-HM robotic systems (A42T-E2 project) to ensure compliance with quality standards.
- Troubleshot production issues and implemented solutions to improve efficiency and reliability.

OCTOBER 2023 – JANUARY 2024

Internship as Education Technology Department | Cytron Technologies Sdn. Bhd.

- Managed STEM educational programs and developed learning materials, including Cytron's tutorial website.
- Led hands-on projects using Arduino, Raspberry Pi, micro:bit and 3D printing technologies.
- Participated in STEM outreach programs to promote hands-on learning and technology education.

JULY 2022 – MARCH 2025

Chemical Health Risk Analyst | ALPHA OSH Solutions

- Conducted Chemical Health Risk Assessments in accordance with OSHA requirements and the 2017 Recommended Practices.
- Identified and reported chemical and health hazards across various workplace environments.
- Conducted assessments for clients including B. Braun, Jooi Brothers and Mi Equipment.

EDUCATION

MARCH 2024 – MARCH 2027

Bachelor's Degree in Electronic Engineering | Universiti Teknikal Malaysia Melaka (UTeM) | CGPA: 3.98

- Core Technical Knowledge – Electrical and Analog Electronics Systems, Digital Systems and Microprocessor Technology, Electromagnetic Fields and Waves, Engineering Materials, Circuit Theory, Artificial Intelligence
- Awarded Silver Medal at the Innovation and Technology Competition (INOTEK) 2026 for the IDP Project (AI-Implemented IoT-Enabled Smart Medicine Dispenser)
- Awarded Dean's List (Year 2 - Year 4)
- FYP Project (Prediction of Solar Energy Generation Based on Meteorological Conditions Using Machine Learning Methods)
- UTeM Buddies International Society – Media Committee Member

JULY 2021 – MARCH 2024

Diploma in Electronic Engineering | Universiti Teknikal Malaysia Melaka (UTeM) | CGPA: 3.97

- Core Technical Knowledge – Basic Electrical and Electronics Engineering, PCB Design and Fabrication, Microcontroller Programming and Applications, Logic Circuit Design, Telecommunication Engineering
- Awarded Bronze Medal at the Innovation and Technology Competition (INOTEK) 2023 for the Diploma Project (My Smart Savings Box)
- Awarded Dean's list (Year 1 - 2)
- Publication of Diploma Project (My Smart Savings Box) in the UTeM Open Journal (JET)

SPM 2020

Sijil Pelajaran Malaysia (SPM) | SMK Berapit

- Achieved 8 As (4A+, 3A, 1A-) and 2 Bs

SKILLS & LANGUAGES

- C & Python Programming
- Machine Learning and AI
- MATLAB & Arduino
- PLC Programming
- Verilog foundation
- PCB design
- Data analysis
- Sensor Integration
- Telecommunication Systems

- English
- Malay
- Chinese
- Japanese
- French

AWARDS & CERTIFICATION

- **FAST OFFER Japanese Language Program** – Upper-Beginner Proficiency Level
- **iiDEX 2026 Innovation Competition** – Bronze Award for AI-IoT Smart Medicine Dispenser with Integrated Hospital Management System
- **Ministry of Digital Malaysia** – AI Safety Certification
- **Kswamy Global Academy** – Become a Data Analyst with No Coding
- **NVIDIA –** AI for All: From Basics to GenAI Practice
- **Huawei –** HCIA Big Data Certification
